

## CITO Rule Puller

The CITO Rule Puller makes changing cutting, creasing and perforating rules (2-4 pt. rules) simply child's play.

The CITO Rule Puller offers you a number of advantages:

- Simple and efficient handling
- The vertical pulling force enable rules to be pulled straight upwards without tilting
- The interchangeable clamping jaws allow you to pull rules even when they are positioned closely together
- Magnetic foot pins enable easy and flexible positioning of the CITO rule puller
- Suitable for both left-handed and right-handed users
- Suitable for 2-4 pt. rules
- Replacement clamping jaws (wide and narrow) are available separately
- Narrow and wide clamping jaws are included in the kit
