DECLARATION OF CONFORMITY
for cleaning agent for cleaning anilox rollers and printing blocks for printing food packaging (materials and articles intended to come into contact with food)

We herewith declare that our product:

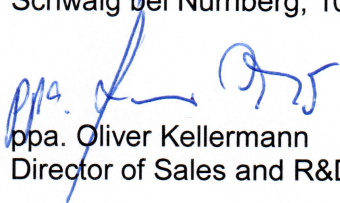

CITOCLYN Uni Eco

which are used as intended to clean anilox rollers and printing blocks for printing food packaging, have been produced according to good manufacturing practice so that it complies with legal regulations of Regulation (EC) No. 1935/2004 for materials and articles intended to come into contact with food, Article 3 and 17.

Tests on the composition of our product, as well as release of its constituents show that, if used as intended, influencing of the food stored in the packaging produced using the named product is not to be assumed, insofar as it concerns our product.

It is the responsibility of the packaging manufacturer to ensure the technical suitability and use of the product within the scope of the food packaging manufacturing process in accordance with Regulation (EC) 2023/2006 of the Commission dated 22 December 2006 on good manufacturing practice for materials and articles intended to come into contact with food.
